The wallpaper is a combination of the Superbanner and Skyscraper placement.

By additional colouring of the website background it can also be used as an attention-grabbing homepage colouring. The advertising material is therefore ideally suited for branding campaigns.
Due to the generous dimensions, there is a lot of space available for design and information.

The best way to get into the users' field of vision.
The scalable sitebar is, due to the dynamic adjustment to the screen size, completely visible at any time and is therefore ideal for different screen sizes.
The Fireplace Ad encloses the content from three sides. It offers a lot of scope for the highly visible, creative and attention-getting presentation of your brand.
You want to be sure that your advertising material is seen? With the Billboard 100/1, the advertising material is 100% in the visible area of the user for at least 1 second by remaining sticky for 3 seconds while scrolling.
With this advertising medium you are always in the field of vision of the user. The billboard is positioned above the navigation. The dynamic sitebars are connected to the pages and run along with the scrolling.
With this advertising material you are sure to make a big entrance. On the billboard under the navigation system, additional advertising impact can be placed in the user's field of vision. Here the billboard is provided with a FC=1 per day. After that the Fireplace remains standing. While scrolling, the sidebars of the Fireplace run along with the content.
Big! Bigger! Curtain Dropper! This advertising medium innovation will certainly remain in the memory of every user. The curtain falls over the content and remains here for 5 seconds. Due to an FC=1 per day, an additional billboard has to be delivered to ensure your visibility for the rest of the day.
Do you have high-quality video content that you want to present to a large audience? Then the BILD Video Wall is just the right thing for you. The video starts automatically in the background when the homepage is loaded. By mouse-over over the billboard, your commercial is placed over the content of BILD.de and closes with the close button.
To the left and right of the content you can tell your story on BILD.de! The sitebars are, due to the dynamic adjustment to the screen size, completely visible at any time and are therefore ideal for different screen sizes. In order to guarantee optimal visibility, the sitebars run while scrolling.
