Which car can I buy now? Which drive is the right one? Which one suits me - and the future? ?

You can try to answer all these questions on your own and you will fail. It's better with us. With quick information about what's new. With classification. With opinion. With criticism. With tests. With facts. And all that without being boring. That's how we move forward together.

ridfahrzeuge: Reichweite — 21.06.2019 Wie weit reicht der Strom im E-Auto?

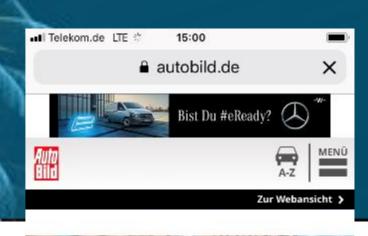

Wie weit kommen Elektro- und Hybridautos mit einer Stromladung? Der Renault Zoe hat jetzt eine zweite Motor-Option. AUTO BILD listet die Reichweite von E-Autos auf.

Effiziente Tiefbauprozesse EITERE INFOS 3D/2D-Maschinensteuerung, GNSS, Totalstatio Bauprozesse, BIM SITECH Deutschland GmbH

-Autos und Hybridfahrzeuge gelten als leise, kraftvoll und umweltfreundlich. Wer sie E -Autos und Hybriotanizeuge generi als ieise, krantiski kiele gelitenden elektrischen zum ersten Mal fährt, schwärmt von Drehmoment und dem gleitenden elektrischen Fahren. Doch viele potenzielle Käufer fragen sich: Wie alltagstauglich sind Elektroautos, wie weit reicht der Strom im Alltagseinsatz? Die meisten <u>Autofahrer</u> 🗗 fahren täglich rund 50 Kilometer mit dem Privatwagen. Diese Distanz schaffen die meisten Hvbridautos rein elektrisch mit einer Ladung, bei Bedarf schaltet sich der integrierte Verbrennungsmotor zu. Reine E-Autos kommen deutlich weiter. <u>Renault</u> hat dem Zoe eine zweite Motor-Option mit 136 PS spendiert. Die Reichweite wird vorläufig bei 380 Kilometern (WLTP) liegen. Der Hyundai Ioniq Plug-in bekommt mit dem Facelift eine größere Batterie und einen stärkeren Motor. Kräftig zugelegt hat auch der Kia e-Soul in dritter Generation, den es ab 35.000 Euro gibt. Tesla Model S, Model X und Model 3 liegen bei der Reichweite ebenfalls vorne, kosten aber deutlich mehr. Auch der Jaguar i-Pace und der elektrische Hyundai Kona fahren um die 500 Kilometer weit, ehe sie zum Laden an die Steckdose müssen.

IN THE CAR WITH...

- We open up the world of influencers and YouTubers for the automotive SME sector!
- We open up the digital natives for you to inform and entertain young target groups.
- Our Influencer goes with the board of directors into the production hall, sits with the chief developer or designer in the canteen or does his rounds with the HR manager in the current prototype.
- The influencer asks young questions on previously agreed topics. The result is an entertaining, authentic, native video!
- The video is produced in close cooperation with the customer and integrated via AUTO BILD Facebook (0.5 million), in AUTO BILD Youtube (0.4 million) and in the Job, Work & Training and Tuning channel.
- We place a media package consisting of pre-rolls and native streaming ads, which are placed on AUTO BILD DIGITAL, AUTO BILD Facebook and in AUTO BILD YouTube. Social posts on FB & Instagram complete the package.
- The influencer additionally brings traffic via his own channel.
- Supplement with a print advertorial "Three questions for ...".

A LOOK BEHIND THE SCENES

- Give selected young users a look behind the scenes. The focus is your corporate world!
- AUTO BILD launches a call for participation and presents you as an innovative, future-oriented and successful company.
- Selected participants will experience an exciting day at your company. They will be accompanied by a freelance video editor.
- We create an informative and entertaining video from the experiences, which is integrated multiscreen in a follow-up report in the Job, Work & Training channel.
- The traffic to the video comes from a media package consisting of pre-rolls, medium rectangles including video streaming (multiscreen), which are placed on AUTO BILD DIGITAL and on the AUTO BILD YouTube channel. Social posts complete the package.
- Optionally, a call and follow-up report of the readers' event can be placed in print as an advertorial.
