Vertical Story

Vertical Story

We combine your product with our compelling journalistic offerings and extensive reach.

How it works:

Thanks to our social media channels, you get additional visibility via well-known brands like BILD and WELT. Which help to spread your posts and stories and increase your reach. We also tag your social media page via 'handshake' or linking. A CTA button, such as 'Learn more' or 'Apply now', can be used to link to a website or an existing brand or product story.

Booking options:

Your sponsored posts or stories are created by our in-house creative agency in consultation with you.

Note:

Not all social media platforms are available on all our media brands. See footnotes for the respective social media platforms.
