VIDEO PRODUCT STORY

When purchasing a new technology product, many users struggle to decide on the right model. This challenge can be addressed with a digital purchase advisory.

A freelance video editor from the COMPUTER BILD environment will highlight the advantages of your product in a video lasting up to five minutes.

The video is seamlessly integrated across multiple screens and is presented ad-free within a product story, accompanied by the same product story traffic package.

OVERVIEW

Product Story or Video Buying Advisor	Guaranteed Views / AIs	Duration	Package price
