PORTRAIT

DIE STILISTEN is the magazine that tells the story of the north with style, attitude, and ease. Between the coastal air and big-city flair, a world is created for people who not only want to see beauty, but also experience it—in fashion, design, enjoyment, and lifestyle.

With northern German serenity, a keen sense of quality, and a modern view of aesthetics, we devote ourselves to everything that inspires: special personalities, extraordinary places, and ideas that shape the spirit of the times.

Our editorial team combines journalistic depth with clear, contemporary language and imagery that combines emotion and elegance.

The result is a magazine that is both accessible and sophisticated – authentic, fresh, and unmistakably nordic.
