concept behind the biggest WELT highlight

On November 7, 2025, WELT cross-media highlight will be published – featuring 450,000 print copies and reaching 3.3 million* contacts in a single day.

The main theme **"Generations in Transition"** connects people of all ages by focusing on their life experiences, perspectives on the future, and everyday realities – embedded in key areas of interest such as finance, technology, health, mobility, and travel.

publication date
NOV 7, 2025

An intergenerational dialogue moves into focus – powerfully staged across all platforms.

generation quiz for your brand

The topic of generations runs across all sections on WELT Digital – with the generation quiz. We create a friendly, thematically relevant digital quiz and combine it with a brand story – native advertising, tailored to your brand.

In each section, a different generation quiz is possible, linked to the editorial content – e.g., politics, economy, culture, science, tech – for contextual relevance.
